Mary Beth is on vacation until tomorrow. I'm sure she'll provide her thoughts about Thursday's meeting as soon as she gets back.

Cheers!

Bill

It is starting to look like we should all use the WebX and not have the consultant travel.

We can discuss on Monday.

Thanks

OK on my end. I think we (the locals) are all planning to physically attend the meeting at the district. I think the trick will be between you, Jacobs, and the out of town people.

I have a person here that is very good with technology and this sort of thing. I can loop him in if you like to help coordinate the meeting.

Pat- Yes please. We'd like to take you up on it if you have conference call capabilities and possibly skype? If you can still provide the space, please give us direction on where to park, etc.- anything we need to know. And thanks!

The Akron Water Reclamation Facility (WRF) Training Facility is available all day. Let me know if you want to meet in the valley.

Thanks
Pat G.

I think we are thinking the same Pat.

We are currently checking with Bounce for a room with wifi that can comfortably hold 30+ so we are not in such close quarters at the resource mgmt. office. We'll let you know asap if that's the venue for the day.

Sincerely,

Subject: Gorge Public Meeting, March 31st

Lisa/Elaine

I just saw a Facebook post on the Gorge Dam meeting. Due to the expected large turnout and the current State and City position on limiting public gatherings, I don't see this meeting as "essential" at this time. I would suggest that it be postponed at this time and we direct our energies to producing a 1-2 press release, article or report providing an update.

I still plan on attending the Pre-Design Workshop on the 19th.

Thanks
Pat G.
